STEP 1

Array	Insert(.unshift)	Append(.push)
extraLargeArray	776.713041 ms	2.905375 ms
tinyArray	26.042 μs	53.166 μs
smallArray	30.958 μs	55.25 μs
mediumArray	185.833 μs	128.209 μs
largeArray	24.792 μs	407.125 μs

The push function scales better. It has a time complexity of O(1) vs the unshift function has a time complexity of O(n)
